Selected Bibliography

OF THESES AND RESEARCH IN

FAMILY ECONOMICS AND HOME MANAGEMENT

By

Sarah L. Manning

and

Marilyn Dunsing

VT008085

American Home Economics Association
1600 Twentieth Street, N.W.
Washington, D.C. 20009

Prepared by the AHEA Family Economics - Home Management Section by

Sarah L. Manning
School of Home Economics
Purdue University
Lafayette, Indiana

Marilyn Dunsing
Department of Home Economics
University of Illinois
Urbana, Illinois

The materials in this publication have been classified from titles and available information according to the best judgment of the compilers. The classification employs the code developed for the Journal of Family Economics-Home Management. Any suggestions for reclassification of an entry should be made to the compilers.

The compilers searched the following periodicals and publications (published from 1961 to 1965) for references to research in family economics and home management:

Agricultural Index - Selected Topics
Agricultural Marketing
American Economic Review
American Sociological Review
Child Development
Federal Reserve Bulletin
Journal of the American Statistical Association
Journal of Home Economics
Journal of Family Economics-Home Management
Journal of Marketing
Marriage and Family Living
Monthly Labor Review
Rural Sociology
Survey of Current Business
Titles of Completed Theses in Home Economics and Related Fields 1961-1962
Titles of Theses in Home Economics and Related Fields 1962-1963
Titles of Theses in Home Economics and Related Fields 1963-1964

Published 1965 by the
American Home Economics Association

CLASSIFICATION CODE

100 Home Management

101 Managerial process
102 Decision-making
103 Organization
104 Values, goals, attitudes, objectives

110 Teaching Home Management

111 College courses, except residence courses
112 College residence courses
113 Secondary schools
114 Extension and adult education

120 Use of Space, Work Areas, Housing, Equipment

121 Kitchen arrangement
122 Equipment design and use
123 Storage
124 Work centers
125 Other uses

130 Time and Energy

131 Time management
132 Management practices and methods of performing household tasks
133 Work simplification, motion and time studies, energy studies, handicapped workers

140 Consumer Buying

141 Food
142 Clothing
143 Housing, home furnishings, equipment
144 Medical costs, health insurance
145 Other consumption expenditures
146 Financial management

200 Family Economics

201 Definitions, concepts, principles, theories
202 Methods of research
203 Consumption theory

210 Teaching Family Economics

211 College level
213 Secondary school level
214 Extension and adult education

220 Levels and Standards of Living

221 Level of living, level of consumption studies and comparisons
222 Standard budgets, scales, consumer price index

230 Income, Expenditures, and Savings

231 Income/expenditure studies, consumption/savings studies
232 Women in gainful employment, management in families with employed wives
233 Family economic interaction in the current economic situation
234 Home production

240 Financial and Economic Arrangements

241 Financial and economic provisions
242 Economic and financial security, savings, net worth, credit, durable consumption goods, insurance, social security, pensions
243 Socioeconomic status, employment

260 Age of Family

261 Family life cycle definition and theory
262 Economic provisions and planning
263 Financial preparation for family life cycle stages
